Wholesale Growers

Apple and Pear Seedlings

Topeka, Kansas, January 12, 1921.

To Our Customers:

We grow Apple Seedlings and Pear Seedlings exclusively—we grow the very best—grade the highest—and pack so carefully we can guarantee the arrival of stocks to your station in perfect condition. We have finished grading and have a good supply in all the grades. Prices are for stocks boxed. Our stocks are all one year old and grown from French Crab seed.

DESCRIPTION OF THE ABOVE GRADES.

No. 1, 3/16 and all up, straight (the very best grade for grafting), include all the 1/4 inch grade. These No. 1 run 60 per cent or more 1/4 inch.

Extra 1/4 inch and up, straight grade, is our top grade. These are fine for large cions or for budders.

The 1/4 inch and up, branched, are especially fine, heavy stocks, well branched.

Medium grade, 3/16 to 1/4 inch, straight. These are the same as No. 1, 3/16 and up, straight, except most of the 1/4 inch roots are taken out.

No. 2 straight we grade 2½ to 3½/16. They are better than common 2/16 to 3/16.

No. 2 branched include all 2½ to 3½/16 branched roots. Good for budders where land is strong.

Special Grade, 3/16 and up. These are not quite long enough for No. 1 straight or quite branched enough for No. 1 branched. These make fine whole root grafts; also used for budders.

No. 3 Grade. These are mostly straight. They are often used for grafting light cions.

No. 4 Grade. Under 2/16; small, for transplanting.

It may be to your advantage to write us before placing your order elsewhere.

ROOT GRAFTS.

Our Grafts are all tied 100 in a bunch; each bunch is labeled; we do not break the bunches. We use only No. 1, 3/16 and up, straight roots, to make our No. 1 Piece Root Grafts (3½ to 4 inch root—5 inch cion).
